

Bow Valley Christian Church (BVCC) is seeking a part time Technical Director. BVCC is an independent, non-denominational evangelical Christian church located in Northwest Calgary, Alberta, Canada. Currently, we average 575 Sunday morning attendees between two services and have a vibrant church community across all demographics and ethnic groups.

BVCC exists to help people find and follow Jesus. Our strategy is to create environments where people take their next step of faith in:

- Belonging to Jesus' family
- Growing in a personal relationship with Jesus
- Investing their lives in His Kingdom
- Shining Jesus' presence locally and around the world

## Role Description

The Technical Director is tasked with moving forward the mission of BVCC by equipping members to find and follow Jesus through the provision of a high-quality worship experience. This includes oversight of sound, lights, media, and live stream volunteers and team members. Success in this role will be evidenced by:

- High-quality, professional, and engaging weekly worship experiences
- Expanded participation of technical volunteers and team members
- Creating a community of Belonging within team members through formal and informal opportunities to connect with one another

## Key Responsibilities

### **Worship Services:**

- Oversight and coordination of all worship service volunteers and leaders for BVCC sound, lights, livestream (including camera operators), and media (switching)
- Hands on production management of worship services and events
- Provide visionary leadership for the culture and practices of BVCC's technical teams
- Oversee and equip technical and creative teams for special events (especially Easter & Christmas Eve)
- Assist with the provision of technical support, as needed, for non-Sunday morning worship/music events at BVCC
- Develop and provide technical ministry opportunities for youth and young adults
- Collaborate with the Worship & Creative Arts Director and Lead Pastor to ensure the provision of a high quality, professional, and engaging weekly worship experiences

### **Spiritual and Professional Growth & Pastoral Care:**

- Communicate opportunities for pastoral care to BVCC's technical team members

- Recruit, equip, and mentor volunteers and leaders for BVCC's technical teams
- Organize quarterly training events for the technical team
- Participate in local or online technical ministry networking groups and explore professional development

### **Administration:**

- Develop and oversee the technical worship ministries budget
- Oversight of BVCC technical A/V equipment and related software (including inventory and maintenance)
- Scheduling of technical team volunteers
- Other duties as assigned by the Executive Director or Lead Pastor

### **What you bring:**

- 3+ years of live audio engineering and lighting expertise in a church, nonprofit, or professional setting - ideally with audience sizes of 600+
- Experience in the recruitment and management of volunteers for worship & special events (including rentals, weddings, and funerals)
- Creativity and out of the box thinking with a passion for utilizing technology to enhance worship experiences
- A collaborative spirit to work with the music teams and other ministries to create an engaging worship experience
- Excellence in organization and administrative skills - a proven multi-tasker
- A/V troubleshooting and technical skills
- A heart for people and desire to serve in building God's kingdom

We thank all applicants, however only those selected for an interview will be contacted.

If what you've read sounds like a great opportunity for you, please pray about this role and listen for God's direction. Applicants can submit cover letters and resumes to: [chris@bvccchurch.ca](mailto:chris@bvccchurch.ca). Deadline for submissions is April 27, 2026.
